VETERANS COMMEMORATIVE SITE

The Veterans Commemorative Site was designed by award-winning painter, sculptor, and Navy veteran Don Reynolds of Sanford, Florida.

The design includes beautifully sculpted, bas-relief marble replicas of the United States Armed Forces seals anchored on five adjacent, tapered, horizontal columns attached to a cast bronze fitting encircling the U.S. flag. The white marble seals symbolize the purity, nobility and enduring bonds within and between each of the military services. Each horizontal column symbolizes the steadfast commitment to service and unity of purpose that hallmark our nation's Armed Forces. The marble sections comprising each of the columns are shaped similarly to traditional veteran headstones, honoring both those who have given the ultimate sacrifice for our country and all those who pledged the same high standard. The bronze fitting surrounding the flag symbolizes the strength, teamwork and unflinching devotion of the Armed Forces to protect our nation and the ideals of liberty and justice for all. Finally, the 21 stars embedded on the site boundary wall symbolize our "national salute," honoring both our country's flag and the many selfless veterans who have defended America throughout her glorious history.
