About Fisher House Orlando

Fisher House Orlando provides a "home away from home" for families and caregivers of veterans and active duty personnel receiving treatment at the Orlando VA Medical Center.

Fisher Houses are designed to give a feeling of being in a home. The point is not just that it is free -- which is very important since a family may need to stay months at a time while their loved one is hospitalized. The homes are a healing environment for the family as well.

"When it comes to our nation's heroes, wounds of war -- invisible or visible -- they are felt by the entire family. Families struggle together, rejoice together, and heal together."
-- Ken Fisher

About the charity, Friends of Fisher House Orlando

Friends of Fisher House Orlando is a registered 501(c)3 nonprofit organization established solely to support the building and annual supplemental funding of the Fisher House at the Orlando VA Medical Center, Lake Nona, in honor of our military veterans and active duty service members and their families.

This committee was formed to honor our American uniformed service members and their families who have stepped forward to defend our country and the ideals for which we stand, at a great sacrifice to themselves and their families.
